Fast & low cost
multitasker

RICOH

Increase your office efficiency

Your printer is the hub of your office, busy with a varied list of printing, copying, scanning or faxing documents. Network-ready, the speed and efficiency of the Aficio™SP 3410sf takes care of this and more. Optimise your workflow with paperless fax sending and scan distribution to email, folder and FTP. Big functionality with a small footprint.

- High speed 28 pages per minute
- Compact all-in-one design
- Advanced features
- Standard duplex function
- Standard colour scanning

Reduce your costs

The all-in-one functionality of the Aficio™SP 3410sf helps to consolidate costs. Standard duplexing and energy saver mode help even more. Spend less on paper with the devices' standard scan-to and PC fax functions.

Save time

The SP 3410sf needs less than thirty seconds to warmup. A crisp first print arrives on your desk in no more than eight seconds.

Small footprint

Place the SP 3410sf on your desktop for immediate access to print, copy, scan and fax. It's small footprint and quiet operation make it a discreet but excellent office partner.

Highly productive

Raise the pace in your office:

- Copy and print 28 pages per minute
- Send a fax in 5 seconds
- Scan a colour page in less than 10 seconds
- Enjoy smart distribution solutions

User-friendly design

Replacing toner or adjusting paper settings? All device operations can be performed from the front of the machine. Carry out two maintenance duties at once: our all-in-one cartridges include the drum unit. This straightforward system keeps you up and running.

Secure printing

Avoid unauthorised use of your document system. You can set the SP 3410SF to ask for a user ID. This authentication function covers copy, push scan and fax functions. Print jobs can be protected in Locked Print mode. The machine will only release the document when a password is entered via the control panel.

Environmentally friendly printing

Like all Ricoh products, the Aficio™ SP 3410SF reflects Ricoh's commitment to the environment, through the use of toxic free materials* and low power consumption (Energy Saver mode).

We are using our expertise in innovation to deliver products that exceed in both performance and environmental sustainability.

- By using Ricoh's Toner Cartridge Takeback Program you can ensure your toner cartridges are fully recycled with zero-waste-to-landfill
- Our free Toner Cartridge Takeback Program has over 7,900 collection boxes in use across Australia and has diverted 436 tonnes of consumables from landfill
- We are developing a plant based plastic for our toners. Replacing the world's inventory with plant-based resin would reduce carbon dioxide emissions by approximately 120,000 tons per year

* In compliance with EU RoHS directive (RoHS: Restriction of Hazardous Substances, effective from July 2006).
